DTS Title Plant Services

Your Complete Property Information, Anytime, Anywhere.

The **DTS Title Plant** gives you fast, reliable access to recorded property documents across all 21 New Jersey counties — right from your desktop. Whether you're researching property history, verifying ownership, or preparing for closing, everything you need is at your fingertips.

Simple and Efficient

Search records whenever you need them. Our platform makes it easy to locate, view, and retrieve property documents without hassle or delay.

Convenient Access

Find recorded documents related to your property quickly and accurately. DTS Title Plant brings together decades of indexed title data in one easy-to-use system.

Save Time and Money

Streamline your research process. With complete statewide coverage and instant digital access, you'll cut research time and costs — no more waiting or manual searches.

Trusted by Industry Professionals

Backed by **Charles Jones LLC**, a leader in public record research and property information services, our Title Plant combines advanced technology with decades of expertise in the title and settlement industry.
